Outlaw Tire Precaution

“High Lifter has been made aware that some Outlaw Tires are hitting the market that does NOT meet High Lifter’s standards. These tires are being sold at deep discounts and are sometimes represented as a High Lifter Outlaw Tires. The tires will have High Lifter scrubbed off of the side wall or marked with a B for BLEM.

These tires are not sold through High Lifter Products or our Authorized Dealers and although the tire may look like an Outlaw, it does not meet the high level of quality that we strive for in our mud tires.

Out of spec tires that are not sold through High Lifter are not covered under warranty. Please be cautious when buying deep discounted Outlaw tires. If you are looking for a dealer near you selling High Lifter Outlaw Tires, please visit www.highlifter.com and click on the Dealer Locator at the top of the screen.

Thank you,

Scott Smith
